

Software

How do I install Microsoft Teams on my desktop?

1. Go to teams.microsoft.com and log in with ppy@yorku.ca account
2. On the left menu all the way at the bottom, there's an icon - Download Desktop App. Click it
3. Once the program is downloaded, click on it to install:

Software

4. The application will install on the desktop:

5. Double click on the icon, log in ppy@yorku.ca.

6. Here you will be redirected to our login page. Sign in with ppy@yorku.ca.

Software

7. You may choose to stay logged in:

8. Teams is now on your desktop and set up to run from the icon:
