

Web and Content Management

I would like someone on my team to be a Glendon Event Creator to add events to the main Glendon Events Calendar. How can they get access?

If you're a supervisor/manager, you will need to send an email to ithelp@glendon.yorku.ca on the person's behalf and request that they be given Glendon Event Creator access to the main Glendon Events Calendar. If you're not a supervisor, please make sure you're approved for this access and copy your supervisor/manager in the email to helpdesk.

We will need the following in the email to helpdesk:

- your Passport York ID
- your Glendon email address (or York email address)

Unique solution ID: #1135
