

Computers, Servers, and Printing

How can I get a second monitor, a new keyboard or mouse, or some speakers?

Please email your request to ithelp@glendon.yorku.ca with the following information:

- Your office location
- Contact information
- The computer's service tag
 - The service tag is usually on the top left of the computer. If you cannot find it, the following link will describe the process to you:
 - <https://ithelp.glendon.yorku.ca/faq/index.php?action=artikel&cat=8&id=43&artlang=en>
- It is also possible to right click on the start menu and click on **System**. Under device specifications, you'll see device name. For example, GL-ITS-1234XYZ.

Unique solution ID: #1028
